Max Occupancy 3. 15 HP Engine. 2 Available				

Renter is responsible for having the correct # of life jackets onboard and that all passengers are follow MN law by wearing the life jacket when required. Life jackets are located in the beach house near the main docks. All watercraft 16' in length and larger must have a throwable boat cushion onboard. Renter is responsible for following all MN laws while operating the watercraft. A NO wake zone is enforced near the main docks & swimming area. Fuel is included with your pontoon and fishing boat rental. Please check your fuel level before leaving the dock. If you need more fuel inform the dock boy. The Max Occupancy of the watercraft is based on an average weight of the passengers. It is possible for a small group to need a larger watercraft if their combined weight is more then a smaller watercraft can handle.
